AGREEMENT

In submitting this entry, I agree to allow the Timber Framers Guild, the International Log Builders Association, and the Missoula Redevelopment Agency the right to build this design on a one-time basis as identified under "April 2008 Construction" in the project description, the right to allow the Timber Framers Guild to publish this design as part of an upcoming design monograph and to publish this design in print, Web and electronic articles. The Timber Framers Guild will identify and credit the Competitor in any publication. All submitted designs remain the property of the individual designer or team of designers. Engineering design for selected structures is site specific and may not be used for any other sites.
