## Tradeshow and Exhibit Information

**Trade Show: October 14–15**

**Pre-Conference: October 13 | Conference: October 14–16**

The Timber Framers Guild invites you to promote your company or organization to timber framers and related professionals from across North America who are gathering at the Guild's national conference in Burlington, Vermont.

The Guild returns to New England in 2022 to share knowledge among skilled professionals as well as timber framing enthusiasts. As always, the conference focuses on engineering, design, the built environment, and sustainability, as well as historic structures and their preservation and the advancement of the craft. We expect great enthusiasm and attendance. It is an excellent opportunity to talk to a uniquely targeted group of decision makers who are designing and building some of the finest homes and commercial projects.
